MEMORANDUM)

NUMBER 111.)

CONSERVATION OF WATER SUPPLY

1. In a further effort to so conserve the use of water as to allow its periodic use on gardens and lawns, Section I, Memorandum Number 104, this headquarters, c.s., is rescinded and the following is substituted therefor.

2. Effective at once the post is divided into three parts as follows:

LINE #1 - Starting to the North of Building #173 and passing to the North of Building #102 in a Westward direction.

LINE #2 - Starting from Line #1 just to the East of Building #45, passing in a Northerly direction West of the colored school, East of Building #79, 14, 20 and the Shaw and Adams Garage.

AREA #1 - All the area South of Line #1, to include all N.C.O. quarters, and Bonnie Blink. Watering permitted on Mondays and Thursdays only.

AREA #2 - All the area North of Line #1 and East of Line #2; to include officers quarters, civilian quarters, depot, and Knoxville. Watering permitted on Tuesdays and Fridays only.

AREA #3 - All the area North of Line #2 West of Line #2. This area includes barracks, stables and power plant. Watering permitted on Wednesdays and Saturdays only.

3. Our efforts have been toward not taking out of the reservoir faster than it runs in. no particular hours are designated for use, the hope that different members within the use of the water would use it at different times. Every member of the garrison should use the water a total of two hours during the day and any water for lawns, gardens or washing.
